Meeting ID: 879 7067 6416

Passcode: 465434

Dear participants,

Thank you for setting aside time to join us for our two-part workshop, *Living Faithfully, Dying Faithfully*. These sessions seek to ground you in the spiritual aspects of preparing for end-of-life decisions, while also naming the importance of thinking about your death now as part of faithfully living. Regardless of the age or stage of life we each are in, writing a will, an advanced medical directive, and a funeral plan are all both an act of faith and a significant gift to your family and friends.

These sessions will be entirely on Zoom. The sessions will each be recorded and made available to anyone who is unable to participate live.

Below you will find an agenda for each session and links to important resources to access. We will set aside ample time for your questions in both sessions, but sending us questions ahead of time and especially between the sessions is very welcome. Please email us at richard@stmargaretsdc.org and jim.wolford@comcast.net.

In Christ,
Richard and Jim
